

Scoring the Peanut Power Sprint

Only Submit Logs When Requested to pete@nogaqrp.org CABRILLO Format is preferred.

Send your details from the “Send Details” page or use this form and send by email.

Score:

Count 5 point for QSOs with Peanut Power Number – Count same call each band/mode _____

Count 4 points for QSO’s without PPS Number but on different continent – Count same call each band/mode _____

Count 2 point for QSO’s without PPS Number - Count same call each band/mode _____

Multipliers: Count States + Provinces + Countries Outside US/VE (SPC) on each band/mode you work one of these: For example, you work GA on each mode on all three bands (80, 40, 20) – counts as 6

Multipliers Final Score = Sum of QSO points _____ x Total Multipliers _____ = _____

Submit: Total QSO Points _____ Total multipliers _____ Total Score _____ Category: _____

Equipment used: _____ Power: _____ Antenna: _____

IF REQUESTED a copy of your log in either Cabrillo (preferred), Adif, Excel or other form via email.

Be sure to include your call, name and address.

Also CLEARLY identify your category of entry (see rules). This is the highest class you used for any QSOs during the contest. In other words, you make 10 QSOs at 1 watt but decide you will up the power to 4 watts for 20 QSOs, then you are in a category that allows 4 watts for the entire contest.

Goober – 1w (2 w PEP SSB) output power or less – Portable (outside on a temporary antenna)

Salted – 5w (10w PEP SSB) or less – Portable (outside on a temporary antenna)

Home Boiled – 1w (2w PEP SSB) or less

Home Station Roasted – 5w (10w PEP SSB) or less

Home Station Raw Over 5w (10w PEP SSB) –

If you submit an entry, you are declaring that you have played by the rules and the score is, to the best of your ability, a correct score. However, if we identify any mistakes in calculation, the judge will correct your score. So be honest, be fair and we hope you had fun during the Peanut Power Sprint. Suggestions and comments are always welcome.

Signed “the judge” Jim/w4qo

“Peanut Pete”
